DISTRICT GOALS 2008-09

To improve student learning

- To continue to expand global education initiatives through coursework, student exchanges and professional development
- To increase students' knowledge and sense of civic responsibility for environmental issues
- To continue to implement elementary school-based programs for students who have exceeded grade-level standards
- To expand curricular programs in the arts and in engineering at the high school within the FY10 budget capacity
- To provide more opportunities for students to use technology to create, publish and communicate within the district and beyond
- To implement alternative programs to reduce special education enrollment and out-of-district placements at the high school level
- To increase opportunities for teachers to work together to analyze student work.

To develop an effective and efficient supervision and evaluation process in collaboration with CTA and CCTA

To determine the most feasible daily school schedules K12 to maximize student learning and meet state guidelines

To take all steps needed to open a new Willard School on time

To focus efforts on a high school project

- To review recommendations made by NEASC
- To review the High School Feasibility Study conducted in 2005
- To initiate talks with MSBA
- To investigate alternative private funding sources
- To organize a planning process
- CCHS construction/renovation question; facility needs (and NEASC-related concerns)

To strengthen communication and partnerships between the schools and the larger community

- To complete work on the district website
- To use the ConnectEd communication system in conveying news of the schools with parents
- To work with citizen groups to understand potentials for major campaigns for future capital projects

To develop a responsive and responsible budget which meets district needs and acknowledges state and town resources

To work toward productive, fair and respectful settlements of five contracts

To support a seamless implementation of the new Phoenix HR/Payroll system

To work with and support the superintendent in her new role within the schools and the larger community
